

# NORTHERN ONTARIO'S GREAT BATTLEFIELD WELCOME TO SIR WILFRID

Liberal Leader Makes Triumphant  
March Through New Districts  
of Big Province.

AN ELEGANT PLEA  
FOR UNITED CANADA

Makes Strong Protest Against  
Removal of Dredging Of  
the National Transcontinental.

By Bulletin Leased Wire.

Cochrane, Ont. Sept. 20.—Sir Wilfrid Laurier today had his first sight of the National Transcontinental Railway in Ontario. In his car he rode out over the long tangles of the road as far as the Matagami river, miles west of Cochrane, and stopped for a few minutes to examine the magnificent steel bridge.

At Cochrane he received addresses in English and French from the Cochrane Liberal Association and he spoke to an enthusiastic gathering before the start of his car.

At night a thousand electric lamps illumined Cochrane. Across an arm of the sheet of water has been thrown a rustic bridge and on it were thrown out to electric lights the words "Welcome Laurier."

Sir Wilfrid viewed the illumination of the grounds of Hotel Cochrane just before he was driven to the night meeting. It was found entirely impossible to obtain a tent large enough to hold the crowd that arrived from Port Arthur and all the surrounding districts and permission was obtained to hold the meeting at the National Transcontinental Railway round house.

Islands Stronger Than Ever.  
"You are reminded by the Conservative press that I was buried one year ago tomorrow," said Sir Wilfrid, with a smile, addressing the meeting. "May say," he added, shaking his head, "I am not even dead yet. I am not dead yet. The party is not dead yet and the ideals which we have striven for are stronger than ever."

He said that he had been thinking of the meeting. "May say," he added, shaking his head, "I am not even dead yet. I am not dead yet. The party is not dead yet and the ideals which we have striven for are stronger than ever."

Reversing their vote of a year ago  
by more than four to one, Edmonton  
ratepayers yesterday declared that  
they were not in favor of the gas  
plant. When the ballots were  
counted, it was found that all the  
bylaws carried by large majorities  
last September, however, it was  
found that the vote of a year ago  
was reversed.

When the ballots were taken just  
over a year ago on the question  
whether or not the city should build  
and operate a gas plant, 1221  
industrial voters recorded their  
votes. Yesterday, only 230 voters  
cast their ballots, and the result  
was a reversal of the vote of a  
year ago.

It was intended to solve is still unsolved, and must be solved. That problem is what to do with the over-growing volume of grain from the Western prairie. To contain it all in a hopelessly large market is to have a surplus which we can sell in Great Britain, and the amount we must export—more than continues to grow yearly with amazing rapidity. The regular arrangement, designed to open a new market for part of this surplus, that arrangement was rejected. But the difficulty it was intended to relieve remains—and must grow worse as years pass. As Ontario is the province whose vote prevented the reciprocity arrangement becoming law, it is of the highest service to the West that what the continuance of this difficulty means to the people of Canada should be brought home to the rest of the province. While our increased representation after redistribution will give the West a larger "say" in the making of the country's trade policy, this increased representation would not alone be sufficient to reverse the restrictionist majority in Parliament and put in its place a majority favorable to the securing of foreign markets for our products. If that is to be brought about there must be some rearrangement in the battalions sent to Ottawa from the other side of the province. Ontario is represented at Ottawa by an altogether abnormally large proportion of restrictionists. If public opinion can be changed there sufficiently to secure the normal number of Liberal members from that province, the next election the policy of restriction will be doomed. It is hardly conceivable that Germany could land in Britain an army larger than would muster for the defense; and even those who have been advertising Britain's supposed weakness, so long as they see the willingness of the Englishman to fight for his home as valiantly as the invader would fight to destroy it.

## STRATEGY DISCOUNTED.

The British army manoeuvres broke down, in a military sense. The aerial scouts of either side kept the commander so well posted on the movements of the other that neither the "red" nor the "blue" army could manoeuvre into a position of advantage. Theoretically, therefore, the only alternative was to go at it in rough-and-ready fashion without regard to strategic advantage, or to call a truce. The campaign being only a mimic war, hostilities were suspended. Had it been the real thing the other alternative would probably have been chosen, and victory won by the side of the largest battalions or the best fighters. The moral seems to be that the flying machine—the motor car—has become the contrivance of the human brain—will make war less a matter of brains and more a matter of physical force and courage. That should bring some comfort to those in Great Britain who have been shuddering at the prospect of Germany. It is hardly conceivable that Germany could land in Britain an army larger than would muster for the defense; and even those who have been advertising Britain's supposed weakness, so long as they see the willingness of the Englishman to fight for his home as valiantly as the invader would fight to destroy it.

## HUNT THEM DOWN.

It is reported that the law authorities of the province have given up the murder of Mrs. Maguekin as an unsolvable mystery. If the report be correct, the decision is much to be regretted. Murders for which the guilty parties have not been apprehended have been occurring with disturbing frequency in the province of late. A month ago a C.P.R. brakeman, was shot at Cochrane, and his slayer has not yet been found. A fortnight since a C.P.R. constable was shot in the yards of the C.P.R. at Calgary, and his murderer has so far eluded discovery. A continuance of this sort of thing would soon make human life as insecure in Alberta as it is in Texas. To prevent that condition of things, as well as to do out justice for the crimes done, all the arts and means of detection should be devoted without regard to cost, trouble or time, to bringing these criminals to the gallows. It is not enough for the safety of human life that murderers whose identity is easily ferreted are brought to trial and punished; the tradition must be established that murder cannot be done without the deer being found out. Let the criminally inclined men get the idea that the authorities can be outwitted, or that if they are outwitted for a time the hunt will slacken, and whose life would be safe? If society is to be secure the man with murderous disposition must be given to think not only that the arm of the law is strong but that the eye of the law is all-seeing.

## PLEADING OUR CAUSE.

Sir Wilfrid Laurier continues to plead the cause of the West before the people of Ontario. In his speeches in that province the fact is kept ever in the forefront that while the reciprocity arrangement was defeated the pro-

## SAYS SOCIALISM WILL NEVER BE POPULAR

Liberalism is the only way to success in the West. That is the message of the Liberal Party in its recent election.

By Bulletin Special Wire. Toronto, Sept. 20.—That the Liberal party in Ontario will go into retirement at the next general election, was the prediction made by the Liberal Party of Ontario, in its recent election. The party, led by the Toronto Star, has announced that during their term of government the Liberals have made important changes in their policy of socialization, and that they will not be able to carry out their policy of socialization in the next future in dealing with the labor question. The party of the labor party, who are in the coming election, has made a socialization policy as a first step towards a policy which can never become popular with British people.

## NEWS OF THE SOUTH SIDE

SOUTH SIDE I. O. G. T.

The South Side Good Templars have decided to change their meeting night from Friday to Tuesday, and will hold an open meeting on Tuesday, October 1st, in the basement of Knox Presbyterian church.

INDIGNANT AT C. P. R.

New tracks have been laid in the C. P. R. yards this summer. It is for some reason cars are still frequently left standing for hours across the sidewalks or partly across the roadways of the streets and avenues north of Whistler avenue. Citizens who have to get off the sidewalks because of C. P. R. cars on the public highway are very indignant about the matter, for it is almost a daily occurrence.

OWNER WATCHED WITH REPE.

"Who" Templars' union, whether partly or unpartly, are recording the blame for removing nuts from several houses on 17th South side. Among those whose windows were tampered with were: Mr. Kent, two; Mr. Roth, three; Gilbert Murray, two; A. Wilson, one; and also a tree-wagon. The nuts were taken off in the night and in some cases the owners had to mend all the way in Winnipeg in order to secure new nuts for the particular make of wagon.

One owner accidentally found two nuts from his wagon where they had been thrown in the brush. It is most fortunate that no fatal accident occurred when the wagon was loaded to the nutless vehicle. One wagon, loaded with gravel, had the nuts removed, and when the wheels came off considerable damage was done.

The second night of the strike a wagon owner hid near his wagon with a cocked rifle, and had the nut remover appeared a shooting would have occurred.

SOUTH SIDE CHURCHES.

First Baptist Church—Rev. Holland R. McGill, M.A., D.D., minister, services for the week commencing Sunday, September 22nd: "Life's Limitations," the thirty-first article of the Psalm, will be the theme next Sunday at eleven. In the evening the subject will be "The Surrender of the Unseen," a sermon to the high-church of life. All will be welcome at each of these services. The Bible school meets at three o'clock. The classes are open to all who wish to spend the hour in study. Graded lessons for the younger classes. On Monday evening the young people of the church are invited to attend a social, given by the Guild of Knox church in Knox church. A special program is being prepared and a good time promised. RESIDENTS MET AT CARMAN.

A meeting of east side residents was held in the Carman Methodist church, Bonita Drive, on Thursday night last to consider further the annexing to the city of Edmonton of a strip a mile wide along the present south side of the city of Edmonton. Rev. Mr. McLean acted as chairman and called for the report of the committee who had been appointed at a previous meeting to confer with the commissioners and council of the city of Edmonton.

This committee reported that they had interviewed two of the aldermen and one of the commissioners, and that no definite promise was given of extensive improvements in the immediate future.

There was a lengthy discussion

and some opposed the union with the city because of the increased taxes; others wanted annexation with the city in order to get the improvements and utilities which come in good time to all parts of a city, while others favored delay and the clear understanding of terms before annexation was finally settled.

A vote was taken, resulting in the carrying almost unanimously of the resolution moved at a former meeting by J. Travis Harter.

There is evidently a number who wish to come into the city, but whether these amount to two-thirds of the residents can only be ascertained by presenting a petition. The meeting practically decided to await the city's offer and their response to the outlying districts.

The former meeting had been unattended with considerable scattered fireworks, but at the meeting the previous excitement appeared to have almost died out. About sixty were present, but less than before the vote was taken.

LOCALS.

Mr. and Mrs. Matthew Varcoe, of Orangeville, Ont., who have been visiting relatives in the city, have returned east. This was Mr. Varcoe's second visit to Edmonton, and he appears even more impressed than before with his progress.

Miss Greenly, of Woodstock, Ont., and Miss Alice Howard, of Montreal, Ala., are visiting at the home of Mrs. H. W. Taylor, Main street.

Mrs. A. G. Black, has returned from Woodstock, Ont., where she spent the summer with her sister.

The senior W. A. of Holy Trinity church will meet in the rectory on Monday afternoon at 2:30, when an address will be given by Mrs. McDermott on the recent discussion convention held at Lethbridge.

**DRAMATIC TRAGEDY IN CALGARY HOTEL.**

Man and Woman Registering at the Queens Hotel Took Their Own Lives—Little is Known as Yet Regarding Their Identity.

Special to the Bulletin.  
Calgary, Sept. 20.—Clashed in each other's arms, determined not to be parted even in death, and leaving a letter requesting that they be interred together, a man and woman, registering at the Queens Hotel as Mr. and Mrs. W. Hubert, shortly before midnight hurried themselves into a room with a 25-calibre revolver, bought some time during the day for the purpose. The man was shot twice near the left centre of the breast and the woman had a bullet wound near the same spot in her body.

When the police broke open the door to the room shortly after the shooting the woman was dead and the man was breathing his last. As to whether the pair had entered into a suicide pact and each read the position that each his or her life had been determined, died from the poison of the struggle and powder. The shot that killed the woman might have been fired by her hand as well as the man's, but the man, the only clue to the identity of the woman, was the name of her mother, Mrs. Louise Columbus, Fairview, Ky., in which case she was that sister her father or mother is responsible for her weakness, and asking that she have a hand play the dead march.

Early in the evening the couple appeared in the streets in a number of drinks, after which they retired. The liquor was left untouched upon the dresser. When found, the woman lay upon the man's right and the revolver was found in her hand near the bed. Letters in the man's effects indicate that he is a railroad man, as he carried a C.P.R. book of rules, and that he has a brother in prominence.

## THIS YEAR'S CROP TO BE LATE IN MOVING

This is Opinion Expressed by Vice-President Hury, of C. P. R.—Says That Cars Are Now Standing Idle on Sidings.

By Bulletin Special Wire.  
Winnipeg, Sept. 20.—"The crop of last year started to move later than ever before. I am sorry to say that this year's crop will be still later."

That is the opinion expressed by George Hury, vice president of the Canadian Pacific railway, who returned yesterday from the annual trip of inspection over the road with the president, Sir Thomas G. Shaughnessy, and the directors.

"This company spent a great deal of money in enlarging its terminal, buying locomotives and rolling stock wherever possible, with a view to moving the grain expeditiously, and it is unfortunate to see the large number of empty cars on the sidings waiting to be loaded. Another feature is that, usually the Manitoba crop moves about two weeks earlier than that further west. Owing to the wet weather this year the crop will move together and will place a greater strain than ever on the railway."

"Notwithstanding the inclement weather, I and on all sides optimism prevailing with respect to the crop, and the inspections show that the grain will do of a high quality."

#### St. Louis Four Struck

New York, Sept. 20.—Cincinnati and New York divided their double-header today, Cincinnati winning the first game by a score of 4 to 2 and New York the second, 4 to 1.

By losing the first game New York suffered its fourth straight defeat, its longest losing streak in the first Cincinnati took this game in the first inning, when four hits off Marquard

with two errors yielded four runs. In the next five innings Marquard did not allow a man to reach first. Boston pitched well for Cincinnati, New York making two runs in the sixth on three singles and an error by Mitchell.

Beverly having got all four runs for New York in the second game, all scored himself on Snodgrass' sixth pitch for New York and did well. Ames was effective at all stages. Cincinnati's run being due to Grange's single, a steal and wild throws by Wilson and Snodgrass.

First game: J. H. E. Cincinnati, 4; N. Y., 2. Second game: J. H. E. Cincinnati, 1; N. Y., 4.

Batteries: Ross and Clarke; Crawford and Marquard and Wilson. H. H. E. Cincinnati, 1; N. Y., 4.

New York: Hartner and Severid. Batteries: Hartner and Severid; Ames and Wilson.

Cubs Win in Ninth Brooklyn, Sept. 20.—Chicago defeated Brooklyn today by a score of 1 to 0 in a ninth inning rally in which the visitors scored three runs after two men were out. Rogers had held Chicago scoreless until then; Shocker and W. Miller struck in the ninth. Tinker struck out and Davis forced Vann Miller. Miller then tried to score, scoring Shocker and Downs, and when Fisher made a wild relay to third, Miller scored the winning run.

Errors were responsible for both of Brooklyn's runs. H. H. E. Chicago, 1; Brooklyn, 0.

Batteries: H. H. E. Chicago, 1; Brooklyn, 0. Pitchers: Pierce and Archer.

Philadelphia, Sept. 20.—Philadelphia and St. Louis broke even today, the latter winning the first game, 3 to 4, and the home team the second, 1 to 0. St. Louis' victory was due to the ineffectiveness of Reagen, who was knocked out of the rubber in four innings. In the second game Alexander was in great form and none of the visitors reached third base, but he hit hard in only one inning in the sixth.

## THIS IS THE DAY OF THE BIG DOINGS

Big Three League Opens With Game Between the Calgary "Y" and Tigers.

ESKIMOS ARE ALL PULLING FOR THE "Y" If "Y" Wins Today and Eals Grab Nuts, Latter Will Be Leading.

Today's the day! Today the Calgary Y. M. C. A. rugby team and the nighty Tigers fight it out at the southern city. The outcome will be watched with as much interest here in Edmonton as in Calgary; maybe with more interest, as the Eskimos, fighting against two Calgary clubs, naturally wait the result of the game. If the Eskimos can beat the Y. M. C. A. when they go south next Saturday it will be in their interests to have the "Y" squad clean up on the Tigers today. This being the case, if the Eskimos turn the trick on the "Y," then they will be leading the league with one mark up against such of the Calgary team. So, naturally all of the local are pulling for the Y. M. C. A. in tomorrow's game.

The Eskimos were out to practice

## ATHLETICS IN THE EAST ARE IN TURMOIL

Trouble In All Branches of Athletics Causing Promoters Much Worry.

## BLAME ATTACHED TO THE A. A. A.

Unsettled State of Affairs in Hockey and Rugby a Great Drawback.

Toronto, Sept. 20.—Canadian athletes are in pretty much of a muddle at the present moment. In every department of sport, with the possible exception of one or two of the major pastimes, trouble is brewing and the situation, generally, is anything but settled. It may be that the trouble makers are working a great good for athletics throughout the Dominion, by arousing a greater interest in outdoor sports, but at the same time the different sports for the time being are suffering because of the unsettled state that is taking up the attention of those in charge.

Not satisfied with tearing apart the various organizations of eastern Canada, the promoters are now at work on the hockey and rugby leagues, extending a rugby league and also planning for a general appeal to track and field athletics. Amateur lacrosse has been going over for some years, while outdoor football is also threatened by the same evil influences that have arisen from time to time. It is time for the competition for the cup of the enthusiastic who like sports for the exercise. An amendment that derives from it and a little house-cleaning by these in charge, would be welcomed.

**Talk of War in Rugby** Take rugby for instance. Three senior organizations, the intercollegiate, interprovincial, and Ontario leagues have been in existence for some years. All three have gotten along splendidly. The Ontario body, perhaps, being the weakest. Now, the latter union is endeavoring to invade the territory of the interprovincial league, and the "war" must result. It will be costly to both clubs and to the same time creates a condition of affairs that should not exist. Pickering for the services of a star player of another club in the trade, and there is little doubt that the time the clubs will tend to professionalization of the rank and file. The latter is not safe because of the fact that only students are eligible for the college team, but nevertheless the interprovincial and Ontario leagues will not stay by any other line the rival clubs may take to fortify their football prestige at the expense of club members of another league.

In lacrosse, war between the A. A. A. and the H. G. Four, has proven costly equipment for all clubs concerned. Not a team in the east has made money on the last season, and if the Big Four clubs have drawn the largest patronage, the heavy expense of a high-powered team has taken the cream off their earnings. The great crowds turned out, but added to the great attendance the greater number of trips necessary to complete the league schedule, mortified the bank accounts, and the clubs are sorry, right about now, that a lacrosse war ever came about. Next season may witness some changes, but the Big Four teams state emphatically that they will not sever from their confederates. It may be that the financial pinch will bring the N. L. U. team to the limit, in which case the Big Four will continue to be the only professional lacrosse organization east of the Rockies.

**Sweep Coming in Hockey** Turning to hockey, the introduction of the six-man style of play has aroused the fervor of the older teams, man team, that the latter have completed plans for the launching of a league to compete again at the National Hockey association. A meeting was held in Toronto last Saturday night, and the proposition to several of the present N. H. A. clubs joined in the new association. It is proposed to have two teams in Montreal, two in Toronto, one in Ottawa and a team in Quebec. Options have been secured on the different grounds, and all that is necessary to start things going is the decision of officers. There is no doubt that this will be a great success. It will go so far as to even do away with the old six-man style of play in order to afford any popularity that the new association may gain by adopting the seven-man hockey. The hockey magazines will shortly engage in a bitter financial war, and it is the players that will reap the harvest.

There is talk of a competition to control hockey on the same lines as the proposed lacrosse controlling body. It would appear as if this body will have a lot of work on hand to start with, unless the hockey managers agree upon some terms of peace. From that can be learned the severe disliking of the N. H. A. players by President Bennett of the latter league. The one must not forget, either, that in the very old little hockey league, no one is allowed to regard the signing of a player as a hockey commission, and if the sport is to boom on it should.

In track and field sports, the news of peace has been far from centered upon the trip to Stockholm for the alleged misbehaving of the team from while at the Olympic games. The standing must be made. The understanding that point where an understanding is made. The understanding that point where an understanding is made.

President J. G. Merrick, of the A. A. A. Montreal branch of the A. A. A. will this year matters a bit, but there should be looked into before the A. A. A. meets in the fall. First and foremost is the ridiculous position which athletics, put the head of Canada that the fact remains amateur league who do not recognize the A. A. A.

## MOVEMENT OF CROP WILL DEPEND ON THE WEATHER

If Rain Continues in Manitoba and Saskatchewan Serious Blockade Will Occur, Says Sir Thomas Shaughnessy — His Denies Several Reports.

Winnipeg, Man., Sept. 20.—Sir Thomas Shaughnessy, president of the C.P. Railway, arriving in the city at one o'clock today, after making a thorough inspection trip over the western lines, as far as Vancouver. With him were Geo. Purdy, vice-president and general manager of the western division, and J. G. Sullivan, chief engineer.

"I am delighted with all I have seen in the West," said Sir Thomas. "I find development and progress everywhere I turn. It is very, this season, wet weather, a very unfortunate thing is that the crop movement will be very much retarded throughout the west waiting for the grain movement to start. The transportation situation this fall depends on weather conditions. If it clears up there will be no very great danger of a blockade on our lines, but if it remains wet it will be bad."

Sir Thomas denied it he had cut short his western trip to get back to the Capital to meet Premier Borden.

He refused to discuss the rumor that the Canadian Pacific would build a United States line.

### DULUTH STREET CAR STRIKE.

Men Claim They Will Yet Win the Fight.

Duluth, Minn., Sept. 20.—While disorder and rioting reigned in Superior last night, car men in Duluth devoted their time in pointing out the car men of the Duluth street railway company, but no violence was attempted on this side of the bay.

That the winning of the street car strike by the men is only a question of time, they are getting in every day, is the contention of the striking car men. They claim that three of the men who went back to work on Monday applied for admission to the union yesterday. None of the employees went back to work.

## Range Talks by the Housekeeper

### No. 1. - Subject - "The Appearance of a Range"

"It's nonsense to say that the housewife does not prize a beautiful range—YOU may as well say that a woman does not prize a nice home. Most women like beautiful things—they like every room in the house to reflect their good taste.

"Show me a woman's kitchen and I will tell you what the rest of her house is like. If the kitchen is spick and span; if there is a beautiful range there, you can rest assured that the lady is the mistress of a well appointed home, not necessarily a lavishly furnished home, but a home that is tidy and clean; just as beautiful as the family treasury can afford to have it.

"The first thing a woman notes about a range is its appearance. You cannot evade that fact, you cannot afford to ignore it. The appearance of a range is of great importance to every housekeeper, and our biggest range makers know it.

"For instance, look at this range—it stands out prominently—compels closer acquaintance—demands investigation.

## ROYAL PARTY'S VISIT TO NORTH VANCOUVER

Governor General Hughes in Chief Address of Welcome and Also to an Address Presented by Indians—\$4,000 Collected for the Victorian Order of Nurses.

Vancouver, Sept. 20.—The Governor General, the Duchess of Connaught and Princess Patricia, arrived in North Vancouver today and that pretty town across Burrard Inlet was early decorated for the occasion. A large crowd gathered by the Indians at Victoria park during a picturesque feature of the decorations. On the arrival by the ferry, their Royal Highnesses passed through an arch of willows covered with autumn-tinted maple leaves and surrounded by the people. They were conducted to this arch along a lane of greenery formed by two lines of small trees placed close together, the Indian band played and sang the King. Accompanied by Mounted police and preceded by motor contingents, the royal party proceeded to the hotel. The Duke and Duchess, in the adjoining districts. Their Royal Highnesses proceeded to the Victoria park where, after a fanfare of bugles, the civic officials of welcome met them.

The Duke's Reply.

"Your Worship and Gentlemen—Please accept my very best thanks for your most loyal address of welcome as well as for your references to merciful restoration to health of the Duchess.

The last time I visited Vancouver you city was but a spot on the map. This was only twenty-two years ago and your growth to modern metropolis short space of time is simply short of bewildering.

"Canada has set a difficult task to those whose duty it is to make maps and nowhere has this task been more difficult in harder fashion than on the Pacific coast.

"Villages and towns are founded and rapidly grow out of all knowledge and despite the warnings of pessimists your towns and cities continue to increase and to justify by their sound prosperity the anticipation of those who planned them and backed their belief by investing in them.

"My wish is that North Vancouver may always have her share in the prosperity and that the completion of the government canal which is to join the Atlantic to the Pacific may still further its progress and development."

\$4,000 for Nurses.

President A. A. Smith, of the board of trade, handed the Duke a cheque for \$4,000 collected in aid of the Victorian Order of Nurses. The school children then sang, "O, Canada," and "The Maple Leaf," after which the Duke presented the Governor General's medal for general proficiency in North Vancouver public schools to Miss Beatrice Parrie. A number of North Vancouver residents were then presented to their Royal Highnesses after which the Duke informed the boy scouts and then received the address of the Indians. The Duke in reply said:

"I am very happy to receive your address of welcome, and your words of loyalty to the King, which I shall have great pleasure in transmitting to His Majesty, King George."

"I am glad to hear your expressions of satisfaction at the country in which you live and I trust that the inquiries now being conducted by the commissioners may result in justice being done.

"It is ever the desire of the King and the imperial government, as of myself and of my government, to treat all British subjects fairly and to their best advantage. Circumstances sometimes cause differences among some of the population, but provided the public maintain—may you have done—their belief in the good faith of their rulers, the matter of the complaint will quickly be adjusted in accordance with justice and the law of the land.

"I thank you for your good wishes to myself and my family on our journey and pray that the Indians of British Columbia may always continue to be happy and prosperous in this beautiful country, which has been the home of their ancestors for so many generations."

The Indians' head men and chiefs were then presented to the Duke, the Duchess and the Princess Patricia.

### BLOOD OF SAINT BOLS.

Neapolitanism Now Expect Immunity From Eruption of Vesuvius.

Naples, Sept. 20.—The yearly miracle of the spontaneous boiling of the blood of St. Januarius was accomplished yesterday after two hours of incessant and loud prayers in the overcrowded cathedral, where the excitement was at its highest pitch. The impatience of the congregation was such that the police had the utmost difficulty in keeping order. To prevent a rush to the holy altar where the relic of the saint was exposed, Cardinal Primate, who was present, ordered a salute of one hundred guns prematurely fired at 10:10 o'clock in order to allay the growing excitement of the populace outside who then believed that the liquefaction was taking place. Meanwhile the prayers were repeated with greater fervor inside the cathedral and this was kept up until noon, when the blood really boiled. The salute of one hundred guns was then fired again. A deacon was sung the bells pealed with the Neapolitan appeared, shouted and wept for joy, convinced that would the immunity from eruptions of Vesuvius for another year.

Flying Machines in War.

Geneva, Switzerland, Sept. 19.—Flying machines in war was the subject of a prolonged debate at today's session of the interparliamentary union. The subject was introduced by the Russian minister of state, Auguste Horensky, who proposed a resolution instructing their union.

## BOYS IN BANK OF ENGLAND ON STRIKE

Youngs Engaged in Printing Department—Dismissed Because They Objected to New Time-Checking Machine Which Wasted Time for Them.

London, Sept. 19.—Strike at the Bank of England; picketing the Old Lady in the evening papers. Save the city a solid sensation today.

One hundred and fifty boys from the printing department of the bank were dismissed in the morning and many of them spent several hours in marching round and round the great square building, somewhat disconcertingly, with dinner baskets or parcels under their arms.

The cause of the trouble, the boys alleged, was the unsatisfactory working of a new time checking machine installed on Monday to register the amount of defrauding the bank of 10:00.

"It takes such a long time," said one boy, "to take our checks out when we go to dinner and put them in on returning, that a good part of the time is wasted. These boys had no pay for their time for being late. That was not fair, so we struck and asked for more time for dinner and they dismissed us all with part of our money."

"We got from seven shillings and

shillings (\$1.90) to fourteen shillings and shillings a week."

All the Bank of England notes are printed in Threadneedle street as well as India notes. Postal orders are also printed there. The boys were well as go pension order. The boys were well as go pension order. The boys were well as go pension order.

"The machines cannot be taken away," said one of the minor makers, "and the bank has been losing about five thousand pounds a minute since we came out and they stopped printing. They have been trying to get some more boys, but they have not got any yet."

This view of the financial situation was not shared by an official, who stated that the bank would not cease payment immediately. Nor did the directors decide to change the bank rate.

Logger Keeper Arrested.

Montreal, Que., Sept. 20.—Henry Levesque, a logger keeper in the Bank of Hochelag, was arrested today on a charge of defrauding the bank of \$10,000.

He appeared before Judge LaSalle, pleaded not guilty, and was remanded over to the next day. A. J. M. M. on the half of the bank, says that the fraud had been going on for nearly a year. It is alleged that Levesque opened many accounts in the bank under fictitious names, made out checks on these accounts and marked them with the bank's stamp, as being approved.

## GREAT COPPER STRIKE REMAINS UNSETTLED

Bingham, Utah, Sept. 20.—The strike of the forty-five hundred miners at the Great Copper Plains here is no nearer settlement than when the men walked out Wednesday.

The situation is quiet. Governor Spry came here today. Some of the town miners returned, since Wednesday behind fortified breastworks came out to hear an address by the governor in which he urged them to take peaceful means to end the strike. Governor Spry told them their right to quit work was unquestionable and then warned them not to interfere with property. A priest of the Greek church and N. P. Mathakos, a Greek banker of Salt Lake City, complained the laying down of arms. The Greeks have not gone back to their fortifications, but it is said they will do so today.

Governor Spry conferred last night with Chas. E. Meyer, president of the Western Federation of Miners, and Adjutant General Vedderwood, of the Utah National Guard. Mr. Meyer has cautioned the strikers that destruction of property will not be tolerated by the union and has advised the men that any member found guilty of unlawful acts will be expelled.

Mr. Meyer is in full charge of the situation, said Governor Spry. "I am confident he can manage things. Calling out the militia would only be done as a last resort."

## KEEPLHILL.

**Bulletin News Service.**  
G. Schwaier made a trip to Duffield on Saturday last.

Rev. A. H. Huxtable held morning service at Highvale schoolhouse and performed the administration of baptism on Sunday, September 16th.

The afternoon service was held at Keeplhill, when a large congregation assembled to take leave of Mr. Huxtable, as this was the last service he will hold in this district. He is returning to England forthwith. The text was Job 18, 24: "For old men shall have visions." In the course of his address he thanked his hearers for the great hospitality he had met with, which he said he would never forget. He hoped the same kindness would be shown to his successor, Mr. Teal, who would be here next month. J. Pettit acted as ushers.

G. R. Porter, Esq., J. P., returned last week after an absence of six months spent in Jasper Park and the Yellow Head Pass. Mr. Porter has greatly improved in health from his visit to the mountains. He always looked forward to his return to Keeplhill, the more so after he had no place like home.

The weather there was most of the time very stormy, with rain in July and August. The construction of two railroads, the G. T. P. and C. N. R., has scared most of the game from the park further back into the mountains, except bears, which are numerous, especially the black. Mr. Porter, who has travelled widely in British Columbia, the Yukon, Alaska, Peace and Mackenzie river districts, never saw such specimens of mountain or "pack" rat, as they are called.

One big bear was shot and was fully as large as a cat.

Miss Helene Bell is having a short holiday visiting friends at Cardston, Alta.

Miss Phoebe Long returned home on Saturday after a two weeks' holiday at Battleford, Sask.

Mr. Lowe arrived on Monday after a flying trip to Thurburn and other Ontario points.

Rev. R. N. Matheson and Mrs. Matheson left on September 5th for a few weeks' holiday at Holstein, Ontario. Last Sunday, Rev. J. M. Miller, M.A., D.D., professor of the new Roman Catholic church, was installed as a Presbyterian minister.

He gave a detailed account of the work the college has been doing, and what it proposes to do in the future. The sum of \$215 was subscribed by Presbyterians in this district towards the support of the institution. During the coming week Rev. Alton Stewart, of this City, Man., will have charge of Mr. Matheson's services.

The choir of the Namao Methodist church favored the Bunsbynde congregation with their presence last Sunday afternoon and contributed several musical selections to the service.

The regular meeting of the "Wayide Gatherers' Mission Band" was held at Mrs. W. F. Craig's home on Saturday, August 11th. There were between twenty and thirty children present. The devotional exercises were conducted by Mrs. Matheson, and the rest of the afternoon was spent in making scrap picture books and a quilt to be used for mission purposes.

Rev. Mr. Sinclair of Alberta college will preach in the Methodist church next Sunday. A newly formed organization in this church, the Ladies' Aid, is making preparations for special harvest services on Sunday, October 6th, and for a festival and entertainment on the following Monday.

The Namao Pioneer Lodge, I. O. G. T., met as usual on Tuesday, September 18th. There was a good attendance of members. After the exercises a pleasant hour was spent in impromptu top-minute speeches by all present.

Owing to the inability of the old-fashioned bludge to handle this crop, Messrs. Broadhead, Wilkinson and Thompson have put gasoline engine attachments on their machines. All the farmers are busy cutting some in Cornhill district and will commence threshing next week.

Earl Samis, Carl Craig and Miss Ella Broadhead went in to Edmonton on Sunday last to attend the high school.

Namao, September 12th.

## THE POLICE GRAFT INQUIRY.

**Private Secretary to Commissioner.**  
Walter Hume Kramm.

New York, Sept. 12.—The alleged association of Winfield R. Sheehan, secretary of Police Commissioner Walsh, with George C. Norton, named as a "supposed collector of police graft," was again the subject of inquiry today at the resumption of the allegedly investigation of police corruption. Commissioner Walsh was one of the witnesses and he was questioned regarding Sheehan in this and other connections. Mr. Waldo declared that Sheehan's duties were purely secretarial and that he had nothing to do with departmental affairs other than in connection with some surprise was created today by the announcement that Emily R.

Sheehan, counsel for the committee, had received a letter from Charles R. Hyde, former city chamberlain, asking permission to testify before the committee and warning him that Norton sent a similar letter.

Former Sheriff Nicholas J. Hayes, who informed Alfred G. Johnson, according to the latter's testimony, that Norton maintained a branch office for the collection of graft at 115 Broadway, was asked at today's session if he had ever discussed Sheehan's name with Johnson in connection with the office.

"I may have," said Hayes. It was on Hayes' information, Johnson testified yesterday that he had Norton investigated by the detective who trailed him to Sheehan's house.

The ex-sheriff today declared that

his information concerning Norton was based solely on rumors and that he did not know who Norton was supposed to collect for.

## Export Duty on Pulp Wood.

Ottawa, Sept. 18.—Inquiry in government circles today elicited the information that no consideration has yet been given to the proposal for the imposition of an export duty on pulp wood. This is one of the many tariff matters upon which a readjustment has been urged by the Canadian manufacturers or by private members of parliament in the House, but it will not be dealt with until a general policy is determined. What changes, if any, will be made has not yet been discussed as yet and consequently any forecast of what may be done is purely speculative.

## Scotland Woolen Mills Co.

NO MORE \$20 NO LESS

We are the only and Original Mill-to-Make One-Price, One-Profit Organization in the Tailoring Business in this City, or in Canada

We are having a whale of a time keeping up with the orders pouring in. We are also flattered and delighted with the attempts to trade on the name and fame of the Scotland Woolen Mills Company.

It is all jolly fine going, but just the same we do want to impress very seriously on the public that the "Original and Only" is located at 444 Namayo Ave., and if they get beyond us they are not going to get the one price proposition; that they are taking big chances. We warn you right here that it will pay to deal with the old reliable Scotland Woolen Mills Company.

It's a world-famous proposition, this of ours, and means absolute satisfaction for a Suit of Clothes. Better fit than you've ever had—prompt delivery—one price.

All we ask from you is a look. It's a pretty poor specimen of a man who can't tell all-wool cloth by the feel of it, or a good pattern, without adjusting his glasses. There is a crowd of full mill webs of cloth waiting a call from you. Look at the texture! Take your choice of any pattern! There is only one price for any Made-to-Order Suit or Overcoat.

Twenty Dollars—No More, No Less.

And above all, remember that we guarantee the fit, or your money goes back to you without a murmur.

### A Good Building

## A Good Building Lot in Fairview

We have one lot on Lorne St. less than one block from Alberta Avenue, size 33x129. This lot is all right and a beautiful building lot. This is a good buy at \$950 on terms. A word to the wise.

## A Reasonable Price House

point out that the lots on Kirk-

ess are being held at from \$3,200 to \$3,500 and this leaves the price of the house at about cost. It requires however \$2,200 cash to handle the house. This is worth investigating.

## A House on Exceptionally Easy Terms

g as the monthly rent, call and

us. We have a new house that is being offered on these terms and we are confident that this proposition will be taken up without delay. This house is three blocks from car line, in Norwood.

## Where Home-sites are Being Bought

and it will take only \$137.50  
down and the balance in one

down and the balance is easily handled. A number have already availed themselves of the opportunity to secure a suitable building location here and will build this fall or next spring.
